[REDACTED]

^{MEMO}
Your attached ~~draft~~ to IPC's nicely covers my original concern as to what ADP Systems they could foresee or were developing that would involve records storage at [REDACTED] Your memo should be sent without delay.

25X1

My other concern was to advise the Director of Communications of our proposed expansion study, but I'm sure [REDACTED] does that regularly. At the same time I intended to alert him and his experts of communication possibilities, as yet unknown, by sending him a copy of the IPC memo. Perhaps a simple buck slip copy for info or comment would be adequate and appropriate.
